**GROCER/ES**® uses 100% CERTIFIED ORGANIC INGREDIENTS and is 100% MADE IN CALIFORNIA. We are a vertically integrated garment manufacturer based in the Arts District of downtown Los Angeles. As we pioneer we remain committed to researching greener textiles and creating a significant shift in the demand for organic fabric. Our dream is realized by sacrificing profits in order to bridge the gap between a niche market and defining a new industry standard. All of our manufacturing, sourcing, shipping, customer service and creative aspects of our business support our local economy, our neighbors and our ecosystem.

Each piece is created to order using high-quality, low-impact garment-dye processing which gives it a unique character and lived-in feel.
